The price per packet for members is marked against each listing (package and postage inclusive). These seeds have been donated by members and several species have been imported. Some are in very short supply, and will be issued on a first in first served basis. Anyone who has an email address please include this with your order as this is a quick way to confirm your requirements. If possible please include some substitutes.

The price for non-members is an extra \$1 per packet.

You may pay by cheque, or make a payment directly into our Westpac Bank account in Stratford account number 030758 0123450 00 giving a reference of your name. Please make cheques payable to CSSNZ (Inc). An invoice will be sent with each order. A limit cheque is also acceptable where you complete the cheque with the exception of the amount which will be completed when your order is fulfilled. Write along the bottom of the cheque limited to X amount of dollars.

Pay CSSNZ (Inc)	Date (to be completed)
